Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

ANNEXURE TO BOARD'S REPORT

ANNEXURE-E MANAGEMENT DISCUSSION AND ANALYSIS REPORT

This chapter on Management's Discussion and Analysis ("MD&A") is to provide the stakeholders with a greater understanding of the Company's business, the Company's business strategy and performance, as well as how it manages risk and capital.

The following management discussion and analysis is intended to help the reader to understand the results of operation, financial conditions of BETEX INDIA LIMITED.

(1) ECONOMIC OVERVIEW, INDUSTRY STRUCTURE AND DEVELOPMENTS:

GLOBAL ECONOMY

During FY 2023-24, the global environment continued to be challenged by the continuing war in Europe and it was further disturbed by the ongoing conflict in the Middle East. Uncertainty around both these conflicts and their resultant impact on the supply chain routes led to volatility in the global financial and commodity markets. On the other hand, the US economy demonstrated resilience amidst the challenging environment putting the recession fears to rest. Inflation that had hit historically high levels in the previous year, took a breather and its effect was a huge support in a subdued demand environment across many geographies. Contrary to the year's beginning expectations, the slowing inflation was not enough to push the monetary authorities to look at a dovish monetary stance.

At the same time, the rapid developments in Artificial Intelligence (AI) and its adoption across streams of business processes, along with enhanced digitalisation, data sciences and the growing focus on sustainability, are transforming business operations. Businesses and financial institutions focused on innovation, efficiency, and sustainability as they strived to further their business objectives and meet the changing customer preferences.

The International Monetary Fund (IMF) has reported that the global economy began the year 2024 on a stable footing, with a growth rate of 3.1%. It is projected to further increase to 3.2% in 2025, surpassing the previous forecast. Global trade growth is projected to grow at 3.3% in 2024 and 3.6% in 2025, below its historical average growth rate of 4.9%. Rising trade distortions and geoeconomic fragmentation are expected to continue to weigh on the level of global trade. However, growing government and private spending, real disposable income gains supporting consumption amid still- tight – though easing – labour markets and households drawing down on their accumulated pandemic-era savings may help in trade growth.

INDIAN ECONOMY

In 2023, India demonstrated remarkable resilience amidst global challenges, maintaining its position as the world's fastest-growing major economy. Factors contributing to this performance include growing demand, moderate inflation, stable interest rates, and robust foreign exchange reserves. Despite prevailing pessimism in developed nations and escalating geopolitical tensions, India recorded a GDP expansion of 6.1% in the Jan – Mar 2023, reaching 7.8% in the Apr-June 2023, 7.6% in the July-Sept 2023 and 8.4% in Oct-Dec 2023.

Looking ahead, forecasts project a growth rate of around 6.4% for the upcoming fiscal year, with inflation expected to moderate. The Reserve Bank of India has maintained an actively disinflationary stance, keeping the repo rate unchanged. However, potential rate cuts may be considered in 2024 if inflation remains within the specified range and geopolitical tensions do not disrupt global oil prices.

India's macroeconomic indicators remain strong, with growth expected to reach 6.5% in FY2024 and 6.2% in FY2025. The RBI's projections suggest a decline in retail inflation, providing further stability. Despite external uncertainties, India's foreign exchange reserves have surpassed USD 600 billion, providing a buffer against global economic challenges. Overall, the outlook remains optimistic, with government initiatives expected to further fuel this growth.

INDUSTRY STRUCTURE AND DEVELOPMENTS:

India is the world's second-largest producer of textiles and garments. It is also the fifth-largest exporter of textiles spanning apparel, home, and technical products. The textiles and apparel industry contributes 2.3% to the country's GDP, 13% to industrial production and 12% to exports. The textile industry in India is predicted to double its contribution to the GDP, rising from 2.3% to approximately 5% by the end of this decade. In February 2023, according to the Union Budget 2023-24, the total allocation for the textile sector was Rs. 4,389.24 crore (US\$ 536.4 million). Out of this, Rs. 900 crore (US\$ 109.99 million) is for Amended Technology Upgradation Fund Scheme (ATUFS), Rs. 450 crore (US\$ 54.99 million) for National Technical Textiles Mission, and Rs. 60 crore (US\$ 7.33 million) for Integrated Processing Development Scheme.

India has a 4.6% share of the global trade in textiles and apparel. Moreover, India is the world's 3rd largest exporter of Textiles and Apparel. India ranks among the top five global exporters in several textile categories, with exports expected to reach US\$ 100 billion by FY 2030. India is a country of long heritage for apparel production, and all its local raw materials for apparel making help the country to be a step ahead of all its business competitors. But there might be a long way to go to upgrade the industrial setup and develop work efficiency.

Our Business Overview

Incorporated in 1987, Betex India Limited is mainly engaged in job processing work on grey fabrics through its dyeing and printing units. It has two Dyeing & Printing processing units namely:-

1. Sumeet Silk Mills (Unit-1)
2. Sumeet Silk Mills (Unit 2)

Such units have total output capacity to process 55000 thousand meters fabrics per day which comes to 295 million meters fabric per annum. The company has shown outstanding performance in the year under review due to business re-engineering work undertaken in the previous year, diversification in product portfolio in value added products. It has restrained its position in the industry due to proactive planning, efficient use of resources, capitalizing on emerging opportunity and striving on cutting edge technology. The Company is recognised as a Dyeing and Printing mills providing job work on different types of Polyester Fabrics.

However, our approach is to stay close to our customers, understand their challenges, The Company has accelerated its cost optimisation drive across the value chain to further improve its operational efficiency. The execution excellence initiatives pursued to optimise efficiencies, reduce cost and eliminate wastage has been adopted across functions and processes.

OPPORTUNITIES & THREATS:

Opportunities

The Government of India consistently made efforts to support the growth of this industry in the reported year. The Ministry of Textiles approved 18 Research and Development (R&D) projects across key strategic areas including sustainable textiles, providing the industry with significant growth opportunities. This initiative is expected to boost innovation and enhance the industry's operational efficiency. The government signed the Trade and Economic Partnership Agreement (TEPA) with the European Free Trade Association in the reported year. This agreement included integrating advanced technologies to enhance the productivity in the industry and support the industry's growth further.

Key initiatives undertaken by the Government of India in FY 2024:

PM MITRA Scheme

The government launched the PM Mega Integrated Textile Region and Apparel (PM MITRA) Parks Scheme to build and develop textile infrastructure. The scheme is inspired by the 5F vision: Farm to Fibre to Factory to Fashion to Foreign.

PLI Scheme

The government also launched the Production Linked Incentive (PLI) Scheme for Textiles, with an investment of INR 10,683 crore over the next five years, to promote the production of man-made fibres (MMF) apparel. The MMF are artificially produced fibres and are becoming common among the weavers and spinners in India. The PLI scheme also promotes the production of technical textile products in the country.

Kasturi Cotton Bharat

Kasturi Cotton Bharat programme of the Ministry of Textiles is a first-of-its-kind branding, traceability and certification exercise carried out jointly by the Government of India, Trade Bodies and Industry to promote the cotton produced in India.

National Technical Textile Mission (NTTM)

The GOI launched the National Technical Textiles Mission (NTTM). It promotes the development and export of technical textiles.

Threats

The sector continues to be influenced by fluctuations in commodity prices and constant inflow of cheaper alternatives from unorganised sector. Being a labour-intensive sector, the shortage of skilled workforce may impact the operations and there will be a struggle to complete orders. Fast-paced evolving fashion leads to a shortened product cycle, which may reduce demand. Compliance issues with stringent environmental norms and regulations may adversely impact operations and profitability.

The domestic market faced several headwinds during the reported year including fluctuation of cotton prices. Even the festive season did not bring enough market demand, and at the same time increasing imports of fabrics from Bangladesh at lower production cost also put pressure in the domestic market. Although India is the largest exporter of textiles and apparel in the global market, the contribution of the industry in trade declined in FY 2024. However, the export statistics indicate that cotton yarn, fabrics and handloom products experienced an increase of 6.71% in their exports.

(2) OUTLOOK:

Despite the challenging global landscape during the year, India emerged as the fastest-growing major economy, driven by a robust push in capital formation with public investment leading the path. The large domestic consumption basket in the country also supported this growth, though overall, it showed signs of moderation from the earlier years. Government-led strategic reforms, substantial investments in physical and digital

infrastructure, and initiatives like 'Make in India' and the Production-Linked Incentive (PLI) scheme bolstered the country's growth, resilience, and self-reliance.

With completion of necessary capital expenditure to ramp up the plants, the operations of the company are gradually increasing. The human resources required to cope-up with the growth requirements of the company are also gradually being put in place. The company is progressively improving its capacity utilization and regaining its market share. It is also generating adequate cash-flows to meet its obligations. The outlook for the Company can therefore be termed as optimistic and expects higher growth than inflation and average growth in the industry.

INDEPENDENT AUDITOR'S REPORT

TO,
THE MEMBERS OF
BETEX INDIA LIMITED,

Opinion

We have audited the standalone financial statements of **BETEX INDIA LIMITED** having **CIN L17119GJ1992PLC018073** ("the Company"), which comprise the Balance Sheet as at 31st March 2024, and the statement of Profit and Loss, (statement of changes in equity) and Statement of Cash Flows for the year then ended, and notes to the Financial Statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and loss, (changes in equity) and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, change in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under Section 133 of the Act, read with rule 7 of companies (Accounts) Rules, 2014 and the companies (Indian Accounting Standards) Rules 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the

Company or to cease operations, or has no realistic alternative but to do so. The respective Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for explaining our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimate and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Materiality is the magnitude of the misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.
- We communicate with those charged with governance (TCWG) regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- We also provide those charged with governance (TCWG) with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- From the matters communicated with those charged with governance (TCWG), we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

We Report that:

**ANNEXURE 'B' TO THE INDEPENDENT AUDITORS' REPORT OF
BETEX INDIA LIMITED**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("The Act")

We have audited the internal financial controls over financial reporting of BETEX INDIA LIMITED ("The Company") as on **March 31, 2024** in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1.24 Financial instruments: [Ind AS 109]

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets:

Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and
- those measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Initial recognition and measurement

Financial assets are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through Profit and Loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through Profit and Loss are expensed in the Statement of Profit and Loss.

Subsequent measurement

After initial recognition, financial assets are measured at:

- fair value (either through other comprehensive income or through Profit and Loss), or
- amortized cost.

Amortised cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost is recognized in the Standalone Statement of Profit and Loss when the asset is derecognized or impaired. Interest income from these financial assets is included in other income using the effective interest rate method.

Fair Value through Other Comprehensive Income (FVOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets, cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in the Standalone Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognised in OCI is reclassified from equity to Standalone Statement of Profit and Loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair Value through Profit and Loss (FVTPL):

Assets that do not meet the criteria for amortized cost or FVOCI are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at FVTPL is recognised in Standalone Statement of Profit and Loss in the period in which it arises. Interest income from these financial assets is recognised in the Standalone Statement of Profit and Loss.

Equity instruments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at FVTOCI or FVTPL.

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the company changes its business model for managing financial assets.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in Other Comprehensive Income (OCI). There is no recycling of the amounts from OCI to Standalone Statement of Profit and Loss, even on sale of such investments.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Standalone Statement of Profit and Loss.

Debt instruments

Debt instruments are subsequently measured at amortized cost on the basis of :

- (i) the entity's business model for managing the financial assets and
- (ii) the contractual cash flow characteristics of the financial asset.

De-recognition

A financial asset shall be derecognized only when:

- (a) the contractual rights to the cash flows from the financial asset expire, or
- (b) it transfers the financial asset and the transfer qualifies for derecognition.
- (c) On de-recognition of a financial asset, the difference between:
 - a. the carrying amount (measured at date of derecognition); and
 - b. the consideration received shall be recognized in Standalone Statement of Profit and Loss.

Financial liabilities:

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. In the case of a financial liability not at FVTPL, transaction costs that are directly attributable to the issue/origination of the financial liability.

Preference Shares being redeemable at fixed date and having right of cumulative dividend are considered as financial liability.

Subsequent measurement

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such an initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in standalone statement of profit and loss.

Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in Standalone Statement of Profit and Loss. Any gain or loss on de-recognition is also recognized in Standalone Statement of Profit and Loss.

De-recognition

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the standalone statement of profit or loss.

Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.
